

List of figures

Figure 1: A framework for IM information environments.	12
Figure 2: The IM cycle.	13
Figure 3: Graph to show comparison of Core Schema topic and subject coverage within courses and universities.	42
Figure 4: Graph to show comparison of Applications environment topic and subject coverage within courses and universities.	43
Figure 5: Graph to show comparison of Generic & transferable skills' topic and subject coverage within courses and universities.	44
Figure 6: Graph to show comparison of Core Schema topic and subject coverage within undergraduate and postgraduate courses.	46
Figure 7: Graph to show comparison of Applications environment topic and subject coverage within undergraduate and postgraduate courses.	47
Figure 8: Graph to show comparison of Generic & transferable skills' topic and subject coverage within undergraduate and postgraduate courses.	48
Figure 9: Graph to show comparison of Core Schema topic and subject coverage within CILIP accredited and non-CILIP accredited courses.	50
Figure 10: Graph to show comparison of Applications environment topic and subject coverage within CILIP accredited and non-CILIP accredited courses.	51
Figure 11: Graph to show comparison of Generic & transferable skills' topic and subject coverage within CILIP accredited and non-CILIP accredited courses.	52
Figure 12: Pie chart to show the number and proportion of university departments by title.	54
Figure 13: Pie chart to show the number and proportion of advertisements by type of experience requested.	54
Figure 14: Table to show the number and percentage of job advertisements requesting the identified skills and areas of knowledge and experience, along with the frequency of the request.	55
Figure 15: Table to show the number and percentage of job advertisements including the identified duties of post, along with the frequency of inclusion.	57

Figure 16: Pie chart to show the number and proportion of advertisements by qualification requested.	58
Figure 17: Pie chart to show the number and proportion of advertisements included within each sector.	59
Figure 18: Table to show the number of job advertisements identified by source.	59
Figure 19: Graph to show comparison of courses and advertisements covering Core Schema and Applications Environment categories.	61
Figure 20: Graph to show comparison of courses and advertisements covering Generic and transferable skills' categories.	62
Figure 21: Table to show comparison of category rankings by percentage of coverage within courses and advertisements.	63
