Supplementary Materials

Article Title: Defining the Cell Wall, Cell Cycle and Chromatin Landmarks in the Responses of *Brachypodium Distachyon* to Salinity

Authors: Elzbieta Wolny, Aleksandra Skalska, Agnieszka Braszewska-Zalewska, Luis A. J. Mur and Robert Hasterok

The following Supplementary Materials are available for this article:

Supplementary Figure

Figure S1. The mitotic activity of the root cells in the *Brachypodium* seedlings that had been “salt-stressed” (A) and “salt-shocked” (B) with various concentrations of NaCl and the frequency of nuclei with replicated DNA in the root meristematic cells.
